- PARTICIPANTS:** New SEIS Technicians/Administrative Users of SEIS - RC SELPA member districts only
- DESCRIPTION:** This training will build on the first training, which covered the basics of what District level SEIS users need to know when using the SEIS system. However, this training will focus almost solely on the SEIS to CALPADS submission process. We will discuss the big picture of the reporting process, both Fall 1 and EOY, and go over the Fall 1 process in detail. This will include where the data pulls from, how transactions are created, how to submit the transactions to CALPADS, how to clear errors and warnings, and what to do when it is time for certification. Attendees should have SEIS permissions to Edit CALPADS transactions and Generate CALPADS Reports. They may or may not have CALPADS accounts too.
