#### *What is this workshop about?*

In this workshop, Dr. Muhammad will explain why transforming school culture requires an understanding of the reasons behind staff continuing to hold onto models and beliefs in opposition to their school/district. In helping participants gain this understanding, he will aid leaders in **overcoming staff division, improving relationships, and transforming toxic school cultures into healthy ones**. Furthermore, Dr. Muhammad will speak from experience regarding the benefits of forming Professional Learning Communities (PLC) in schools to **foster continuous improvement** while also speaking to the challenges and strategies regarding creating and sustaining a successful PLC in real-world school situations.
