KVCR Wishes to Acknowledge High School Seniors -- Parents Are Encouraged to Submit Information

This has been a difficult year. The high school graduations that our students were looking forward to, have been marred by Covid-19 and the challenges of adjusting to a "new normal." That's why Empire PBS, KVCR-TV, is launching a special new community service feature that we want your graduates to be a part of. With support from the Frieda Berlinski Foundation, KVCR is producing a series of one-minute video messages that will run on KVCR Ch. 24 throughout the summer. The one-minute features include photos of 5 graduates along with a special message of support from their family. KVCR's Salute to the Inland Empire Class of 2020 is in celebration of their achievements in a time that is more important than ever, in response to Covid-19.

KVCR is working to congratulate and acknowledge the high school seniors of the class of 2020 right here on KVCR-TV. We're inviting parents, grandparents, or friends to send us the following of their graduating high school senior.
